My Thoughts, My Learning

About

Dr. Gowrishankar S. is currently working as a Professor in the Department of Computer Science and Engineering at Dr. Ambedkar Institute of Technology, Bengaluru, Karnataka, Bharat.

He earned his M.B.A. in Marketing Management from Indira Gandhi National Open University (IGNOU), New Delhi, Bharat in 2020, Ph.D. in Engineering from the Faculty of Engineering and Technology, Jadavpur University, Kolkata, Bharat in 2010, M.Tech. in Software Engineering from Visvesvaraya Technological University (VTU), Belagavi, Bharat in 2005 and B.E. in Computer Science and Engineering from Visvesvaraya Technological University (VTU), Belagavi, Bharat, in 2003.

From 2011 to 2014, he worked as Senior Research Scientist and Tech Lead at Honeywell Technology Solutions, Bengaluru, Bharat. He was awarded the Technical and Innovation Award and Individual Excellence Award for his contribution to the successful delivery of projects at Honeywell Technology Solutions.

He has published several papers in various reputed International Journals and Conferences. He is serving as editor and reviewer for various prestigious International Journals. He is a member of ACM, CSI, ISCA and ISTE. He has delivered many keynote addresses and invited talks throughout Bharat on a variety of topics related to Computer Science and Engineering. He was instrumental in organizing several conferences, webinars, workshops, and seminars. He has served on the panel of several Academic Bodies of Universities and Autonomous Colleges as a BOS and BOE member. He is also on the examination panels of Universities and competitive examination authority bodies of a number of state governments and central government to set the question papers.

He has co-authored a book on “Introduction to Python Programming”, published by CRC Press/Taylor and Francis, Boca Raton, USA. This book is used as either a textbook or reference book in many of the top universities across the world. He holds six granted patents. He has completed a funded project from Vision Group on Science and Technology (VGST), Government of Karnataka, Bharat. He regularly carries out consultancy services for other organizations.

His current research efforts are mainly focused on the applications and implications of Machine Learning, Deep Learning and Data Analytics for the upliftment of society.
